Cia,

You are a great person even if you are my
sister. If I say anything good about you
don't let it go to your head! OK?

Well, you are a right sweet girl even if we do
have our ups and downs like everyone else does.
You are besides being my sister a great friend
in my times when I need you most of all
I can usually tell you things I can't tell
everyone about and you know what I'm talking
about of course. I hope if you ever need any
body to talk things over with, you ~~will~~ will
come to me. I don't know if I could help any
but I'm pretty good at listening. (I think you
know that.)

You had better keep up the good work at school
and stay in your special club because being me
I could never do but so good. (as you know of course)

You should know that I hope you have all
of the happiness and luck in the world
because I really and truly believe you
deserve it.

And to get to the certain important person
in your life I hope that you get him
somehow or other because I think that you
think a lot of him. On what I just said
don't think any thing about it. OK?

I just hope you get to know a certain
person a little better and I think you
do to. Well I just want to ask one favor

of you and that is - Do stay sweet.
May God Bless and Keep you as you are

Love You,

Susan

I don't really know how to say all of what I want to say but I'll try. I hope to you the best of lucks forever and may part of it be with me. Now that I've known you nearly a year, I see you are the nicest girl I've ever known. Let it be that way forever.

We have had many good times together and I have enjoyed every minute of it. May we have many more that have been as enjoyable as the past.

Does Not End Here!

When we've heard the last tick of the timeclock
And the work here is all tucked away,
And we land on the shores of tomorrow
At the dawn of an infinite day,
We shall reap the reward of our labors
In a realm where there's something to do,
And on tasks full of joy and of purpose
For the whole of eternity through.
We shall venture, achieve and be happy,
Sans desire to deceive or to shirk
On the glorious things of the future,
By the plans of the Master of work.

Kay,
I have enjoyed being in school

You are a very sweet
girl. When this certain boy (J.J.)
came up in Sunday Hall and
talked to you, it put a feeling
in my heart because this boy
must have said something about

Here it is the end of another school year and we will soon be seniors. We have had some great times in this old building and I really cherish every minute of it.

You are a friend of friends and may we also remain that way. We have been friends for at least 12 years I know. You have been very helpful and understanding as far as Donny and I are concerned. Thanks for everything.

May the best of luck follow you through out your life and may you always be happy.

Kay,

I can't begin to tell you how much I've enjoyed knowing you. I didn't really get to know you well until this year. If it weren't for you I would have never have gotten through my junior year. You have really helped me with a lot of problems. I hate to even think of how I am going to get along in school next year without your help. We have had some great times in Homeroom messing with somebody trying to make them mad. You are a great girl with a wonderful personality. I know that you will never have any trouble getting along in the world. I'm going to miss you whenever you leave. Be good and may God bless you. May the best of everything be yours now and in the future. Good luck in College. Better not let me hear of you getting in trouble with all those boys.
